

# Survey of NHS health professionals

Dear NHS staff member,

The trade unions and professional associations that represent staff in the NHS have commissioned Incomes Data Services (IDS), an independent research organisation, to carry out an online survey of all their members. The findings from this survey will be used to provide evidence to the Pay Review Body for the 2008/2009 pay round which makes recommendations to the Government on the level of pay and pay related terms and conditions for NHS staff.

We invite you to complete the survey which will ask you about your views on what it is like to work in the NHS at the moment as well as more specific questions about your workload and general working conditions. The survey should take no longer than **10 minutes** to complete and is completely anonymous. The more responses we receive, the stronger our evidence will be so we would be very grateful if you can take the time to complete this.

You can complete the survey at any time after Monday 4<sup>th</sup> June, by clicking here:

<http://www.incomesdata.co.uk/nhstusurvey/>

Thank you very much for your contribution to this important survey.

Best regards

IDS on behalf of the NHS trade unions

The survey is being conducted by Incomes Data Services on behalf of the following NHS trade unions and professional associations: Amicus, British Association of Occupational Therapists, British Dietetic Association, British Orthoptic Society (BOS TU), Chartered Society of Physiotherapists, Community and District Nursing Association, Federation of Clinical Scientists, GMB, Royal College of Midwives, Royal College of Nursing, Society of Chiropodists and Podiatrists, Society of Radiographers, TGWU, Unison.
